

Storyboard Template through the ADDIE Model and Gagne (1992)

Project Name and Authors: Project by Hillary Weiss

Target Audience (what do we know about them?): Adult learners, ages 30 to 64

- **What do you want the audience to learn?**
 - The audience should understand the basic steps to...
- **What concrete action do you wish the audience to carry out at the end of this learning experience?**
 - After this microlesson, these learners should be able to create [compose, analyze, synthesize]...

What tools do we need to complete this project? Storyboard 360, Slack, and e-mail

When is the deadline for this project? January 1st by 11:59 PM

Analyzing and Designing our Project (some steps below may be substituted or omitted, depending on the project):

Slide 1: Gain the attention of learners

- I usually start with a relevant news story, anecdote, or piece of history.

Text:

Sample Text

Images/Other Content:

Three images of Sea Turtles and one picture of chopsticks

Slide 2: Inform learners of learning objectives

- State these clearly, in bullet point form, so all learners can understand what they should be focused on for this lesson, like so:
 - **Learning Outcome 1:** ...

Text:

Images/Other Content:

Slide 3: Invoke prior knowledge/self-reflection

- Connect information with goals of actions

Text:

Images/Other Content:

Slide 4 through X: Content

Text:

Images/Other Content:

Slide Z: Review slide for learners

Evaluation/Reflection Notes:
